About Me

I am a dynamic and enthusiastic junior web developer with 2.5 years of hands-on experience in crafting engaging digital solutions. My journey in web development has been driven by a passion for creating user-friendly and visually appealing websites and applications.

WORK EXPERIENCE

May 2021 - October 2021

Namangan Intelect Software Developers (NISD)

Intern/Junior Web Developer*

- Collaborated with a dynamic team of developers to create and maintain web applications.
- Contributed to the front-end development process, utilizing HTML, CSS, and JavaScript.
- Leveraged React.js to develop responsive and user-friendly front-end interfaces.
- Gained practical experience in working with APIs, utilizing Node.js to build server-side components and interact with external services and data sources.
- Assisted in debugging and troubleshooting issues.
- Worked closely with senior developers to learn best practices.

It was a rewarding experience that deepened my passion for web development and solidified my desire to pursue a career in this field.
